

# The Rwanda Series

**A collection of five minute films and audio Powerpoints comparing life in the UK and Rwanda, one of Winchester Diocese's 5 link dioceses.**

**A teaching resource designed for KS1 but adaptable for KS2.**

## Guidance for teachers

## Introduction

This project consists of four Powerpoints with audio and four short films looking at aspects of life in modern day Rwanda and comparing this with life in the UK. As you may be aware, Winchester Diocese had a companion link with Rwanda in East Africa and many clergy visit the country as part of their training. The Bishop of Winchester is keen for people to experience Christianity in another country and Rwanda is a country where the church plays a large part in many people's lives.

This project has been designed for Year 1/2 but can be adapted for older children.

It follows a series of visits by the Diocesan Education Team and some of our headteachers to schools and parishes in Rwanda. The photographs and videos used throughout were taken during those trips and show real life experiences of Rwandan people. The children will learn that Rwanda is a fantastic country with rich, developed areas as well as poorer rural areas.

This resource can be used in school or at home as part of online learning. The suggested order of teaching is below but the films and Powerpoints can be used as one-off lessons or taught in an alternative order.

I hope that the children find the learning interesting. Please contact me if you would like to book a worship on Rwanda, a talk to the children or a question and answer session. [sue.bowen@portsmouth.anglican.org](mailto:sue.bowen@portsmouth.anglican.org)

Sue Bowen

Diocesan Education Adviser

**Suggested Learning Order: Introduction, Houses, Weather, School, Food, Church, Shopping, Clothes.**

The audio button has been paced in the top righthand corner of each Powerpoint slide.
