NOTES:

- **Affluence Bands:** Every parish is assigned an affluence band from A (low) to G (high) based on external data from Parish Spotlights and Experian. Changes to affluence bands can only be agreed following a detailed review of postcodes.
- **Worshipping Community:** The Worshipping Community figure is based on a 3 year rolling average. Where a PCC has not submitted an updated worshipping community figure by the deadline we have had to utilise the data from the previous year.
- **2018 Requests:** 2018 marks the end of the transition period to the new Common Mission Fund model. This means that we no longer cap increases or cup decrease in the amount requested over previous years. This means that some parishes will be facing substantial increases in 2018. Any parish that is concerned about this is encouraged to arrange a meeting with the Suffragan Bishop and Head of Operations.
