

DIOCESE of  
WINCHESTER

# ROUND & ABOUT

**Round & About** an interactive discipleship resource to help children, adults and families to find ways that help them to live out their faith in following Jesus.

**Round & About** encourages you to (in fact you must!) chat and pray together as a family, or as a group of children with a leader. Can also be used by those across all ages that are living under the same roof, whatever the ages that have come together this is a helpful resource for you.

Living, Loving and Serving are all part of the Rule of Life here in Winchester Diocese and **Round & About** complements that in helping us in being a disciple of Jesus.,

**Round & About** can be part of a mid-week or Sunday group for a group of children too. We hope you will find as much choice as possible, and that it will only need very little adaption to make it minister to the children you are planning this for, (if you are running this without parents / guardians present please make sure they are aware of this and you have their permission, in writing to run this with them.)

So whatever ages the group is made up of **Round & About** will encourage everyone (hopefully over food!) to pray & chat together and to see God at work.
